DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement filed 9/2/03 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each U.S. and foreign patent; each publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but the information referred to therein has not been considered. There are no copies of JP 2002-142438 and JP 2002-138957. In addition, the document number 2002-142438 filed 5/17/02 listed in the U.S. Patent Documents section is not valid because the US application document 2002-0142438 was not filed on 5/17/02. It seems to the examiner that 2002-142438 filed 5/17/02 is a Japanese application, which is also listed in the Foreign Patent Document.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
